

# Access to Cossington Gardens and Park

Guests staying in Park House have exclusive access to the Gardens in front of the House (a small walled garden by the main entrance), the kitchen garden adjacent to the breakfast room and the main garden to the south of the house.

Guest Parking for Park House is in the yard next to the old animal sheds just off the green lane between the two properties.

Guest Parking for Park Cottage is in front of the main garages / stables adjacent to the cottage.

The meadow beyond the Ha-ha has shared access with the cottage as do the football pitch or games field, the badminton court, the children's play area and the walled vegetable garden.

This cultivated area is managed by tenant gardeners, so whilst guests are welcome to walk around please do not take produce. If you speak to the gardeners they will be happy to provide some produce when ripe for harvest.

Guests staying in Park Cottage have exclusive access to the garden in front of the cottage and the walled Garden directly behind the cottage.

The Table tennis room in the stables is available exclusively to guests of Park Cottage and to guests of Park House when the cottage is not occupied or by agreement with the Cottage Guests.
